

Team Involvement in Demonstration

Date	15 July 2026
Team ID	XXXXXX
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine Using Machine Learning
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Hasini Badviti	Project Lead & Presenter & lead developer	Problem Introduction, Project Overview, System Architecture, and Conclusion.	Coordinated the project, managed team activities, developed the Flask backend, integrated the machine learning model, and demonstrated the complete workflow.	Active
2	Manaswini Juluri	Data Engineer	Dataset Collection & Data Preprocessing	Collected the Crop Recommendation dataset, cleaned the data, handled missing values, removed duplicates, and prepared the dataset for model training.	Active
3	Swarna Gera	Data Analyst	Exploratory Data Analysis (EDA) Insights	Generated visualizations for crop distribution, soil nutrients, rainfall, temperature, humidity, and correlation heatmaps to understand the dataset.	Active
4	Manaswini Juluri	Machine Learning Engineer	Machine Learning Model Training & Evaluation	Trained and compared machine learning models including KNN, Logistic Regression, Decision Tree, Random Forest, and K-Means, and selected the best-performing model.	Active
5	Hasini Badviti	Frontend Developer	Flask Web Application Demonstration	Developed the Flask web interface using HTML, CSS, and Bootstrap, created the crop recommendation form, and displayed prediction results.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	-
Overall Team Coordination Rating (1-5)	4
Any issues during demo	NO Issues
How issues were resolved	NO Issues
